

TRAVELING UNIVERSITY MUSICAL TRIP  
TO

## MOLDOVA & ROMANIA

Led by scholar

**Prof. Yale Strom**

**October 23 – November 3, 2022**

with optional western Romania extension

**November 3-5, 2022**

Romanian and Moldavan Jewish history is enriched by the many famous Jewish artists originating here: playwright Eugene Ionesco, actors Molly Picon, Edward G. Robinson and John Houseman, opera star Alma Gluck and writer Elie Wiesel, among many others. Yiddish musical theatre was born in Iasi, Romania and today there is still a Yiddish theater in Bucharest. Yiddish musical theater immigrated to New York in the late 19th century, giving birth to what we know as Broadway - the contributions from this region have had a global impact on culture today. Prof. Yale Strom, a world-renowned ethnomusicologist and klezmer violinist, will lead a tour to these fascinating and less traveled countries. Prof. Strom will perform two concerts during the tour featuring local musicians, playing a repertoire of klezmer tunes, Yiddish songs and Roma melodies as we come to know the musical roots and heritage of this region. This is the ultimate backstage pass to the performance and the rich living history behind it all!

**ABOUT OUR SCHOLAR: Professor Yale Strom** is an acclaimed violinist, composer, filmmaker, writer, photographer, playwright and a pioneer among revivalists in conducting extensive field research in Central and Eastern Europe and the Balkans among the Jewish and Roma communities. Initially, his work focused primarily on the use and performance of klezmer music among these two groups. Gradually, his focus increased to examining all aspects of their culture, from post-World War II to the present. For more than 3 decades and 75 such research expeditions,

Strom has become the world's leading ethnographer-artist of klezmer music and history. Strom's newest children's illustrated book (English/Yiddish) is based upon little known history he unearthed while doing ethnographic research in Romania. Strom has lectured extensively throughout the United States and Europe and taught at NYU for 4 years, where he created the course "Artist-Ethnographer Expeditions". At present he is a professor in the Jewish Studies Program at San Diego State University.
